Policy Statement

Sertus Ltd recognises the need for sustainable development and is committed to the continual improvement of the environmental management system to enhance environmental performance.

To achieve this we will:

Establish sound environmental management by:

- Meeting or improving upon relevant legislative, regulatory and environmental codes of practice
- Developing objectives that target environmental improvements and monitor performance by regular review
- Considering any environmental issues in the decision-making process
- Developing a relationship with suppliers and contractors so that we all recognize our environmental responsibilities
- Educating staff so that they carry out their activities in an environmentally responsible manner
- Committing to the protection of the environment, including prevention of pollution

Provide for the effective use of resources by:

- Promoting waste minimization by recycling or finding other uses for by-products whenever economically viable
- Promoting the efficient use of resources, energy and fuel throughout the organisation's operations

Co-operate with:

- The communities in which we operate
- The Government, regulatory bodies and other interested parties with the shared vision of being a good and trusted neighbour
