Company Announcements and News Disclosure

NASDAQ Dubai's Company Announcements and News Disclosure (CANDI) system is a Dubai Financial Services Authority (DFSA) approved Regulatory Announcement Service (RAS).

CANDI is an automated, straight-through processing system which supports you as an Issuer in meeting your regulatory disclosure obligations. It ensures your company announcements and news disclosures can be distributed immediately to leading news providers such as Thomson Reuters, Bloomberg and Dow Jones as well as UAE media, brokers and other market participants.

NASDAQ Dubai has introduced enhancements to its CANDI system and a more streamlined platform to provide a superior level of service to Issuers with effect from 27 December 2012.
