

About Unzer

Unzer is a fast growing, innovative and modular platform for international payment transactions. Companies of all sizes and from all sectors rely on the data-driven, secure and perfectly tailored solutions to help them drive growth - whether online, mobile or at the point of sale. The modules, which are easy to integrate, cover the entire spectrum of payment management: from processing of various payment types, through automated analytics of customer behaviour and requirements, all the way up to integrative risk management.

Unzer was founded in 2003 as "heidelpay". As one of the pioneers in the sector, the company has repeatedly introduced groundbreaking innovations in and around transaction management over the course of the last 17 years. Over 600 payment experts and tech enthusiasts throughout Europe today work on helping retailers achieve sustainable growth in a dynamic market. KKR has been the majority shareholder in Unzer since 2020.
