2023 PINZA!

WHAT IS PINZA?

**Not a pizza, not a flatbread,
PINZA! is in a class all of its own.**

It is the modern foodie's answer to a wholesome, guilt-free and ridiculously delicious, hand-kneaded crust. The secret is the 80% water to 20% flour, this ensures a crisp, light, easy-to-digest, healthier and tastier base!

Nourishing, wholesome and completely irresistible, PINZA! is on a mission to introduce our uniquely healthy yet undeniably tasty menu to our community of thinkers, doers, movers, shakers and lovers of life.

OUR STORY

Founded in December 2015 as a Dubai home-grown concept, PINZA! founders Tamer and Faisal spent countless hours kneading, baking, and taste testing flour blends in Rome before landing on the signature PINZA! 30 hour-fermented base.

We scoured Italy for the best cured meats such as our bresaola and beef pepperoni, our Italian tomatoes, and all of our cheeses.

Our vegetables are sourced locally when possible, ensuring that we select only the freshest GMO-free veggies and herbs for our toppings.

In 2015, PINZA! opened its first site in Business Bay, Dubai and since has successfully grown to

6 further locations across the Emirate with a further location in neighbouring Abu Dhabi.

Between 2018-2021 we also operated 2 stores in London, UK. 2021 also brought our first expansion across the Middle East with the first locations in Riyadh, Saudi Arabia, With these two international markets operating successfully, PINZA! is now planning further expansion to become a globally recognised brand.
