PRODUCT CHANGE NOTICE

NEW MOLDED ALPHANUMERICS 1.2ML DILUTION TUBE RACKS

In a measure to streamline the production process, the manufacturer has implemented a new molded alphanumeric indexing for the 1.2mL Dilution Tube Racks: LW9500, LW9505 and LW9520.

The indexing is now etched during the molding process whereas before it was pad printed.

The change is limited to the indexing and has no effect on product Fit, Form or Function.

Product codes affected are shown below and the change takes effect from Lot #2209X.

Ordering Information

Cat. No.	Description	Pack Size
LW9500	1.2ml 8-Tube Strips, Rack of 96	10x96
LW9505	1.2ml 8-Tube Strips Racked St	10x96
LW9520	1.2ml 12-Tube Strips, rack of 96	10x96

Now a single process adds the indexing during the molding stage.

- Now a single process adds the indexing during the molding stage
- Eliminates the need to queue these items for time on the printing cell
- Greater efficiency means better lead times
- Eliminates solvent-based inks, resulting in lower VOC emissions
