Important information

- Our treatment is tuned to the **pink** Clearblue digital ovulation test
- Aim to use the test after not urinating for four hours
- Don't drink an excessive amount of liquids prior to using the test
- For IUI treatments, we highly suggest testing at roughly the same time every day. *We advise some clients to test twice a day; it is of course perfectly fine if you decide to do the same yourself*
- In case of a positive LH test:
 Today between 6.00 and 09.30: the IUI will take place that same afternoon
 Today between 13.00 and 16.00: the IUI will take place tomorrow morning
 Today between 21.00 and 23.30: the IUI will take place tomorrow
