CARBON MARKET READINESS NEEDS ASSESSMENT

- Funding - SECO
- Executor - UNDP/Neyen Consulting
- Mission – Assessment of carbon market gaps and needs
- Recommendations – capacity building; creating the policy framework

Assessment Area	Party's Readiness	Article 6 Implementation	Future Outlook
Transparency score			
Double counting prevention score			
Alignment of MOs with NDCs Score			
Environmental integrity score			
Groups Score			
NDC Completeness			
Units Transfer Authorization processes			

CARBON MARKET POTENTIAL ASSESSMENT

- Funding - EBRD
- Executor - Carbon Limits
- Mission – Carbon Market Assessment and identifying the priority sectors and measures

COOPERATION WITH KLIK FOUNDATION

- Reducing emissions in building sector
- Identification of energy efficiency measures based on multi-criteria analysis
- E-platform – to receive potential projects
- Upcoming projects - (waste management)

POSSIBILITIES OF GEORGIAN SECTOR

Waste

- Methane capture from existing landfills
- Wastewater cleaning plants and methane reduction
- **Methane capture from new landfills**

Buildings

- Walls & roof heating
- Energy-efficient windows
- Solar panels
- **Increasing efficiency of gas heater**

E-generation

- Solar
- Wind
- Hydrogen

Next steps

```
graph TD; A[Next steps] --> B["Establishment of the PA Article 6 Working group of the Climate Change Council (ongoing)"]; A --> C[Project identification]; B --> D["Establishing of the policy framework (ongoing)"]; B --> E["Defining validation and authorization procedures (ongoing)"]; C --> F[Implementation in pilot mode];
```

The diagram is a flowchart titled 'Next steps'. It branches into two main paths. The left path starts with 'Establishment of the PA Article 6 Working group of the Climate Change Council (ongoing)', which then branches into 'Establishing of the policy framework (ongoing)' and 'Defining validation and authorization procedures (ongoing)'. The right path starts with 'Project identification', which leads to 'Implementation in pilot mode'. All steps are contained within light gray boxes with dark green borders, set against a dark green background.

Establishment of the
PA Article 6 Working
group of the Climate
Change Council
(ongoing)

Establishing of the
policy framework
(ongoing)

Defining validation and
authorization
procedures
(ongoing)

Project
identification

Implementation in
pilot mode

THANK YOU!
